

5 points for every 10m of depth.

Negative points for overestimates (exaggerations) by difference.

Minimum of 1 point for any caving trip.

All points count for all members of the group. But in case of refusal, all points accrue to pioneer(s) of that section.

All 100m sections are rounded up.

Exploration Points System.
as devised by Bill & Mike

1 point for every 100m of previously explored passage (by an ~~entire~~ expedition) reexplored.

10 points for every 100m of new passage explored.

15 points for every 100m of passage surveyed.

10 points for every entrance explored to minimum of 10m.

20 points for first exploration of through trip.
